

## The story of art at Art Basel

Galerie Gmurzynska presents Léger's  
fireplace mural for Rockefeller

### **FERNAND LÉGER** **Fireplace mural (untitled) for Nelson Rockefeller (1939)**

GALERIE GMURZYNSKA

Unlike the custom fireplace surround that Matisse created for Rockefeller in Paris, Léger executed this piece on location for the young Standard Oil scion's New York apartment.

Combining natural and urban elements, it was recently deaccessioned by the city's Museum of Modern Art. **S.P.H.**
